Programs

Adult Family & Friends Of OSI

OSI-CAN provides peer groups that aid in the recovery and resiliency of the family as a whole. At times, adult family and friends of those affected by Operational Stress Injuries (OSIs) and Post Traumatic Stress Disorder (PTSD) often may be seeking or require connections and resources of their own.

OSI-CAN Peer Support Groups

OSI-CAN provides Peer Support Groups for our target demographic; Military and Public Safety Personnel. Operational Stress Injuries / Post Traumatic Stress Disorder can occur when a person directly experiences or witnesses a traumatic event. This can also happen with repeated exposure to traumatic situations and details.
